Dear Dr. Fatih Büyükcamlar,

We are glad to inform you that we have updated you as an Editor for the JEMI. Please refer the following link  
Journal of Emergency Medicine and Intensive Care  
<<http://elynsgroup.com/journal/editorial-board/journal-of-emergency-medicine-and-intensive-care>> !

Kindly inform us, if any further modifications are required. Also, we request you to contribute a manuscript (like research paper, review article, short communication, case report, editorial etc.) to help us release the inaugural issues of the journal. If possible, please submit manuscript based on research work that has received NIH grant (or any other grant) and mention the grant number (if any).

If your prior commitments do not permit you to contribute immediately, please request your friends/ colleagues/ experts having an expertise in acute injury, sudden illness, anesthesiology, cardiology, resuscitation, trauma, disaster preparedness and response, toxicology, acute medical and pediatric emergencies, intensive care, diagnostic testing, clinical operations, decision making and reflections on clinical practice.

Your contribution and cooperation will be highly appreciated. Hoping to receive a prompt response!

Thanks for your time and patience

Best Regards

<[editor.jemi@elynsonline.org](mailto:editor.jemi@elynsonline.org)>:

Dear Dr. Fatih Büyükcamlar,

Welcome to Elyns Group!

We are aware of your reputation and valuable contribution to the scientific community and human welfare. We are impressed by your research work and feel pleasure to have you as one of the members of our eminent editorial/reviewer board of the Journal.

Journal of Emergency Medicine and Intensive Care  
<<http://elynsgroup.com/journal/journal-of-emergency-medicine-and-intensive-care>> has been started with a noble vision of disseminating scientific wisdom of all the fields related to Emergency Medicine. We aspire to make the scholarly literature free and open access and hence are on the path overcoming various technical and financial hurdles, with the generous support extended by an eminent editorial team. We always feel great working with them.

Although there are some existing good journals in the field, our journal presents some new opportunities. We have the potential to significantly alter the way the experimental results are made free and accessible to scholars. We follow transparent 21 day peer review process by a robust review team. Usually each editor will be allocated two reviewers of similar field of expertise. However the editor's decision is final. In spite of a self-supporting organization, editors of great service are always honored.

We, in this context take the privilege of inviting you to be a part of our endeavor. Please send an acceptance letter along with your updated CV, Short biography and Passport size photo to display on the website to [editor.jemi@elynsgroup.com](mailto:editor.jemi@elynsgroup.com)

Feel free to contact us at [contact@elynsgroup.com](mailto:contact@elynsgroup.com)

Looking for fruitful scientific relation.

Best Regards,  
Dr. Audrey Z Paul
